Long description:

Set during the Opium Wars, this steamy and spellbinding Charlie's Angels meets Crouching Tiger, Hidden Dragon romance by *USA Today* Bestseller Grace Callaway will leave you breathless.

Their love is forbidden...and irresistible.

The daughter of a half-Chinese duke and a lady fossil hunter, Lady Glory Cavendish is a free-spirited campaigner for justice. She belongs to a secret society of lady detectives whose goal is to help women in need. During her latest case involving a dastardly dognapping, Glory crosses paths with the handsome and mysterious Wei Chen, a master of healing and martial arts. Fascinated by the noble shifu, Glory convinces him to take her on as a pupil; the more time she spends with him, however, the more she longs for lessons of a more intimate nature.

Master Wei Chen has led a life of discipline focused on a single goal: avenging his murdered kin. His journey takes him to London where, by day, he treats opium users in his East End clinic and, by night, he secretly hunts the villain who destroyed his family. Yet for the first time, temptation distracts Wei: his spirited and lovely new pupil stirs dangerous needs in him. Desires that are forbidden between a shifu and his student...and between a commoner and a duke's daughter.

As Wei and Glory's slow-burn romance ignites into fiery passion, they are drawn into a web of betrayal and deceit. Torn between honor and desire, revenge and love, the pair must decide if they will let the past determine their future...or if they will fight the shadows for their chance at happily ever after.
